

Please DO NOT LET Sinclair Broadcasting air their anti-Kerry "documentary" before the election. I am an ordinary citizen (and not a democrat), but that does not mean I'm stupid. It's obvious what they're doing and it's not right to use the public's airwaves for this type of political smear campaign.

Someone or something has got to regulate outfits like this and your our only hope. Please do what is fair and right for the ordinary American people.

Thank you,
